

GRAEFENBERG

ALMANAC.

LIGHT

FOR

THE WORLD.

1872

Published by the Graefenberg Co., 139 William Street, New York.

Baker & Godwin, Printers, No. 1 Spruce St., N. Y.

The Graefenberg Medicines are entirely Vegetable.

They do NOT CONTAIN ONE PARTICLE OF CALOMEL OR MERCURY IN ANY FORM, nor any MINERAL DRUG WHATEVER. This fact is proved beyond a question. All of the Graefenberg preparations are made of the most skillfully compounded vegetable simples of the greatest value and efficacy. The formula of these wonderful family remedies has been sent to all the medical colleges and leading medical men in the country, and the truth of their perfect harmlessness, great simplicity, and yet wonderful efficacy (*because they act in harmony with the fixed laws of Nature and of Providence*), can be made apparent to all. 

The Graefenberg Vegetable Pills possess almost magical power in curing all diseases of digestion. Unquestionable evidence has shown them to be unequalled in their effect; and they are so BECAUSE *they cleanse and strengthen the stomach and digestive organs, open the pores, cause the urine to flow healthful and clear, regulate the bowels, restore strength and vigor to the body, clear the most sallow complexion, give a keen appetite and infallibly restore health.*

ATTENTION IS EARNESTLY REQUESTED to the names of distinguished persons who have spoken regarding the value of the Graefenberg treatment in various portions of this Almanac, and to the following:

CONSULATE OF THE U. S. OF AMERICA, BOMBAY, *September, 1860.*

This is to certify that I am personally acquainted with J. F. BRIDGE, M. D., of the city of New York, and that he is a learned and skillful physician of high standing; and further, that I have used **The Graefenberg Medicines** according to directions given in the "GRAEFENBERG MANUAL OF HEALTH," for several years, to my entire satisfaction; and I can confidently recommend them to all who wish to save doctors' bills and enjoy good health.

L. H. HATFIELD, *American Consul, Bombay.*

I certify that the "GRAEFENBERG COMPANY have submitted to me certificates of Francis Hall, Esq., and the Rev. Dr. Bangs. They are genuine and deserving of confidence.

WILLIAM V. BRADY, *Mayor of New York.*

Some proprietors of family medicines advertise single articles as cures for everything; such advertisements are simply absurd, and should induce suspicion.

The **Graefenberg Series** consists of **ELEVEN** different remedies, among which one can be found suited to the cure of most known diseases.

They will not entirely cure every chronic case—constitutional or inherited weakness preventing a complete cure; but experience proves that their use has always been beneficial, and, in nineteen out of every twenty cases they have effected complete cures. **NOTHING HUMAN CAN BE INFALLIBLE**; but as far as the skill and experience of man can go, **THE GRAEFENBERG MEDICINES** may be relied upon. We submit that our established reputation, and the known value of our remedies, entitle us to the confidence of the community. Having gained it, we ask that the medicine shall be faithfully tried.

The Graefenberg Company's Marshall's Uterine Catholicon is efficacious in cases of irregular menstruation, when there is too long or too short a time between the periods, and when there is too much flow, as well as too little, or entire suppression; **because, the medicine operates by restoring the system to a natural and healthy condition.** The derangement of the uterine organs is the disease. The irregularity and the excessive or decreased discharge is the *symptom* of the disease. Hence, a medicine which restores the organs to a natural tone, cures the disease and relieves the symptoms in either case.

1872.

HUMAN LIFE consists in keeping up the balance between waste and repair. We eat, drink, and sleep to keep up the repairs. The elements of disease and decay make the waste. As we eat and drink the most suitable food to make material, we should use the best preventives and curatives of disease to guard against the waste. During youth, nature repairs faster than the vital organs waste; hence the growth of the man. After middle life, the waste is in excess; hence gradual decay and death. The means of balancing waste and repair consist in applying to disease what will restore the equilibrium, and, though death cannot be conquered, life may be infinitely prolonged.

THE GRAEFENBERG FAMILY MEDICINES are the only ones which work in exact harmony with the undeviating laws of nature. They, therefore, assist nature to ward off the disease if used when the first symptoms are felt; they cure the disease BY A NATURAL PROCESS, without taxing the vital powers, and, in every respect, are the most reliable family medicines in the world.

See Notices and Certificates in the following pages.

The Graefenberg Family Remedies are suited to the prevention and cure of all diseases incident to this country and climate. Full descriptions of them, and of all diseases, their symptoms, cause, prevention, and cure, will be found in the **Graefenberg Manual of Health**, a family medical book of about 300 pages, which is sold or sent by mail for 25 cents, and which is illustrated with elegant engravings of the human system.

The medicines are—

ECLIPSES FOR 1872.

There will be four eclipses this year as follows:—I. A Partial Eclipse of the Moon, May 22, invisible in U. S. II. An Annular Eclipse of the Sun, June 5, invisible except in the arctic regions. III. A very small Eclipse of the Moon, in the evening of November 14 and morning of 15th, visible; size only one thirty-third part of the diameter, on the northern limb; at New York it begins at 3 min. past 12 o'clock, P. M., of the 14th; at 0h. 23m. morning it is largest, and ends at 0h. 43m. morning of the 15th; at Rochester it begins at 11h. 43m. evening 14th, and lasts 40 minutes. IV. An Annular Eclipse of the Sun, November 30th, invisible in United States.

AVERY
DURST

Diseases of Women.

 **Let every Woman and Mother read.** 

The exceeding frequency of troubles commonly known as *Female Weakness*; the loss of vigor, animation, healthful enjoyment, and even life itself, in females from the age of 15 to 45, has been so painfully apparent that it is often a cause of sorrow to parents when a daughter is born to them. Knowing the tedious and troublesome diseases to which their organization subjects them, they have dreaded to bring them up to what they have deemed inevitable suffering. Some years since, the frequency of these troubles was such that Miss Catherine Beecher, in "Letters to the People," page 129, says: "I have nine sisters and sisters-in-law, and fourteen female cousins, all married, and all delicate and ailing. Amid the immense circle of my friends and acquaintances, I cannot recall ten married ladies, born in this century and country, who are perfectly healthy."

This was before the discovery of the elegant preparation known as

The Graefenberg Company's Marshall's Uterine Catholicon,

and it has been admitted by scientific men and others that since the introduction of this remedy, and its general use, this class of diseases has diminished **90** per cent.

Before menstruation, which usually appears about the age of **14**, females are subject only to the ordinary ailments and accidents of life, though from want of proper care, the uterine organs are often in a debilitated condition and ready to become the seat of torturing and long continued suffering. After this change is established in the young female, she experiences a variety of torturing, perplexing, and debilitating symptoms, commonly known as female diseases, weakness, irregularities, &c., which weary and render unhappy so many women between the ages of **15** and **50**, for which the regular medical profession seeks in vain for a remedy, and from which wealth, position, delicacy and refinement afford no exemption.

The experience of many years, the severe tests of investigation by scientific medical men, the use of the medicine in the practice and in the families of physicians, and its general use in the families of clergymen and among the most cultivated and refined in the country, has resulted in stamping the elegant and well-known preparation of the GRAEFENBERG COMPANY as the only reliable remedy ever known for the universal and distressing diseases of women.

It is prepared by an educated physician of great experience, and it will always be found fully equal to representations concerning it. It is known as

The Graefenberg Company's Marshall's Uterine Catholicon.

Eighteen years of ample and varied experience has proved beyond the shadow of a doubt, that this **Catholicon** will restore functional and general health, freshness of complexion and constitutional vigor; and it will do this at all ages of female life, from the young girl languidly budding into womanhood, to when the "turn of life" leaves the system enfeebled and unable to meet the demands of the change upon the constitution. *In the troublesome symptoms attending pregnancy, the benefit of the Catholicon is most remarkable.* ( See second page of cover.)

This is a little settlement of about 100 families. I have induced the sale of about three dozen **Graefenberg Marshall's Uterine Catholicon** in the last six months. It helped my wife so much that she will not be without it.

April 7, 1871.

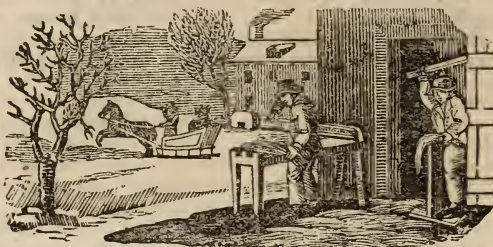

JOHN KELLETT, Moroni, Utah.

As a musician, who had a very bad voice, was singing one day, he took notice of a gentlewoman who fell a crying; when, imagining that the sweetness of his melody awakened some passion in her breast, he began to sing louder, and she to weep more bitterly. He no sooner ended the song, but going to the lady he asked her why she cried. "Oh!" said she, "I am the unfortunate woman whose Ass the wolves devoured yesterday, and no sooner did I hear you sing but I thought of my poor Ass, for surely never were voices so much alike.

THE GRAEFENBERG VEGETABLE PILLS will certainly cure Liver Complaint, Bilious Colic, and all bilious diseases; Headache, Foul Stomach, and all diseases of digestion. Try them by all means.

A man took off his coat to show a terrible wound he had received some years since, but not being able to find it, he exclaimed—"Oh, I remember, now, 'twas my brother Bill's arm."

The Graefenberg Medicines are the sole reliance of millions of families.

We have used the Graefenberg Medicines for the last three years, and could not do without them. They are **BETTER** than represented.

Aug. 12, 1870.

Mrs. HATTIE HAMBLIN, *Mound Valley, Kansas.*

NOTE.—*The Directors of the Graefenberg Company desire to say that they have always been very careful to speak about the value of their medicines temperately and within bounds. The habit which most proprietors of popular medicines have of recommending them above their merits, is a wrong done to the public, and will never be found in any publication of the Graefenberg Company.*

I have used **The Graefenberg Company's Marshall's Uterine Catholicon**, and it is the best medicine I ever used.

Aug. 3, 1870.

MARY A. MARTIN, *Wales, Ogle Co., Ill.*

Like thousands of others, I have been greatly benefited by the use of the Graefenberg Medicines. My wife would surely have died last fall if it had not been for them: nothing else brought permanent relief but the **Marshall's Uterine Catholicon** and **Graefenberg Vegetable Pills**. She is now able to do all her work; the Graefenberg Medicines seem to hit the right spot every time. My friends have also been benefited by their use, and I desire to return my sincerest thanks.

March 31, 1871.

ELISHA HUNT, *Savoy, Mass.*

We feel it a duty we owe to the public to state that **The Graefenberg Uterine Catholicon (Marshall's)** is invaluable for complaints classed under the head of Female Diseases. We have used your Graefenberg Medicine, and have been greatly benefited thereby, so much so that were the price double, we would have them. To the thousands of our sex who are suffering from weakness, we would recommend the Catholicon as a sure panacea. It gives strength to the system, and enables each of the organs of the body to perform their appropriate functions.

Mrs. W. CARTER,

Mrs. E. E. WEEKS,

Miss C. SWORMSETT,

Medina, Ohio, March 1, 1861.

✂ The above named ladies we are personally acquainted with, and know that for several years while we lived in Medina, they were great sufferers. Miss S. has been so badly afflicted that it was with difficulty she was able to stand upon her feet. A few bottles of the Catholicon entirely cured her of her complaints. My wife received great benefit from this medicine. We recommend it to the ladies of this country as a safe and efficient remedy for the many complaints they are subject to.

JOHN WEEKS, *Editor, Canfield (O.) Herald.*

I first got the Graefenberg Medicines from a responsible druggist who had sold more than five thousand dollars worth of it. I heard of a young lady who was suffering under female weakness, and had been given up by her physicians. She was nothing but skin and bone. I advised **The Graefenberg Company's Marshall's Uterine Catholicon**. She soon recovered, and now weighs 180 pounds. It made hard work for me, for the news flew, and many a night I have been roused up by people who had come 20 or 30 miles to get me to give them medicine, because it had cured the young lady.

Nov. 22, 1870.

JAS. M. JACKSON, *Clarksburg, W. Va.*

The Graefenberg Family Medicines are pronounced by the people here to be the best in the market.

May 2, 1871.

GEO. H. HASTINGS, *Lexington, N. Y.*

I have used **The Graefenberg Company's Marshall's Uterine Catholicon**, and I find it a specific in a great number of uterine diseases.

Nov. 27, 1870.

T. H. MILES, M. D., *News Ferry, Va.*

I have used the excellent **Graefenberg Medicines** in my family for many years; they have proved good in every case. Their **Marshall's Uterine Catholicon** saved the life of my wife I am sure.

Jan. 28, 1871.

JOHN P. RAMSEY, *Caledonia, Mo.*

My wife is now using the third bottle of **Graefenberg Company's Marshall's Uterine Catholicon**, and is receiving a great relief. She took to flooding, with other diseases of the womb, 11 months ago. We had four physicians to treat her, and used other patent medicines, but to no effect until she took the Catholicon. It is a valuable medicine, a blessing to us.

Jan. 24, 1871.

JAMES M. WILSON, *New Bedford, Penn.*

I have been using the Graefenberg Medicines, particularly their **Vegetable Pills** and **Marshall's Uterine Catholicon**, with great success in female weakness and their complaints. My wife was troubled for five years, and has found no relief until she commenced using their medicines, and she is now able to do her own work. I shall recommend the medicine to all.

June 20, 1870.

HENRY A. PHILIPS, *Westfield, Wis.*

My wife has used five or six bottles of **The Graefenberg Company's Marshall's Uterine Catholicon**, which has proved to her a great success.

June 16, 1870.

JAMES H. SHANNON, *Knowlton, N. J.*

I am using the **Graefenberg Marshall's Uterine Catholicon** and find that it has, in every instance, produced the desired effect. In one case, a lady was troubled with stoppage of the flow and dropsy, which baffled the skill of the best physicians for five years. She is now well, and was cured by the excellent **GRAEFENBERG PILLS AND CATHOLICON**. Another lady was a case of one and a half years' standing of falling of the womb and irregularity of the periods, and she is all right now.

July 19, 1868.

A. A. REDFORD, *Monroe, Wis.*

 **Read the above Certificate, also the following.**

TO DR. J. F. BRIDGE.

GOD only knows the longevity and physical comfort which will follow the use of the Graefenberg Medicines. When I was an itinerant methodist minister, and was watching their effect, I considered their beneficial influence on the people as only second to that of the Gospel. In fact, in many instances, they were like the "*Balm of Gilead*," restoring health to many who were too ill to hear the message of salvation, and so saving soul as well as body.

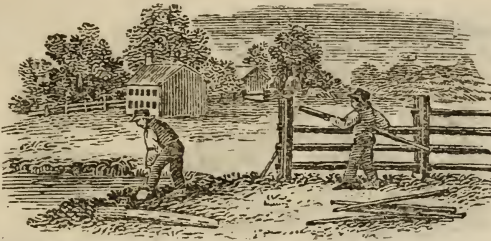

June 9, 1871.

PETER SHARP, *Ridgeway, Michigan.*

The Graefenberg Vegetable Pills are the best in the world for family use, and for Indigestion, Constipation, Headache, Nervousness, Bilioussness, Heartburn, Acidity, Nausea, Flatulence, Want of Appetite, Dyspepsia, Liver Complaint, Gripings.

On account of their great mildness, and from the fact that they never gripe, nauseate, or leave the bowels in a constipated condition, the **Graefenberg Pills** will be found more pleasant than any other.

Read this Almanac Carefully.

A pompous individual walked up to the office of a hotel, and with considerable flourish, signed the book and exclaimed, "I'm Governor of———" "That don't make any difference," said the polite clerk, "you will be treated just as well as the others."

One trial of the Graefenberg Medicines establishes their value.

It would be a real blessing if somebody would invent a soap that would enable mothers to get their daughters off their hands.

A deacon, who made a sharp bargain by trading a lame horse to the minister, was asked what he thought the Lord would say to him for cheating so. He said there was no evidence to show that the Lord knew a foundered horse any way.

The Graefenberg Family Medicines are PURELY VEGETABLE.

"What do dey call dis sort o' wool mohair, I'se like to know?" "Dat isn't wool, honey; dat dar kin off a goat and dey calls it mohair, caze a goat have mo hair dan a sheep."

A schoolboy, having good naturedly helped another in a difficult lesson, was angrily questioned by the teacher: "Why did you work his lesson?" "To lessen his work," replied the youngster.

THE GRAEFENBERG VEGETABLE PILLS.

(Entirely Vegetable.)

This remarkable pill, of which more are daily sold than of all other pills together, was discovered under the following circumstances:

A physician of mature years had suffered most of his life from disease arising from indigestion and bilious troubles. During his illness he learned by profound research and study, that the great obstacle in the way of a cure was that physicians treated all the diseases of indigestion as *separate* complaints, while, as they *all* arise from derangement of the digestive organs, they should be grouped into one class, and a remedy prepared which, by striking at the very root of the difficulty, would entirely eradicate it from the system. Following out the plan suggested by this discovery, and aided by the most eminent medical and scientific men of the age, he combined the simple yet wonderfully effective Graefenberg Pill. It entirely restored him to health, and has never failed to prove equally efficacious since. It is a striking evidence of the vast curative power of vegetable simples when combined and used in accordance with the laws of nature.

DISEASES OF THE DIGESTIVE ORGANS.

“Bilious Complaints, Asthma, Constipation, Dyspepsia, Erysipelas, Low, Nervous, and Simple Fevers, Gastric Fevers, Gripes, Heartburn, Headache, Indigestion, Hysterics, Liver Complaint, Nervous Disorders, Neuralgia, Rheumatism, are all diseases arising from want of action in the Digestive Organs.

The regular practice of the Medical Profession is to purge in all such cases; but they look upon a purge simply as something which will powerfully move the bowels and cause profuse discharges.

The *true* practice and the proper *purge*, is a medicine which, while moving the bowels very gently, *purges the whole system, strengthening and renovating at the same time*. The bowels form but one of the natural outlets for the removal of waste matter and impurities; the kidneys draw away one species of waste matter in the form of water, and the skin another species in the form of vapor and perspiration.

Now neither of these organs can perform the work of the others, and hence the absurdity of the old doctrine that disease must be purged away by violent action of the bowels.

ALL the organs must be stimulated to increased *but natural* action, and thus the whole system, even to the blood, the very life of the body, is *cleansed and made healthy*. BE IT REMEMBERED THAT **The Graefenberg Vegetable Pills** WILL DO THIS, and that no other known medicine will.

They readily dissolve in the stomach, are speedily taken up and diffused throughout the blood, and with it visit every organ, blood-vessel, and pore, stimulating each respectively to its own peculiar action, at the same time carrying with them a tonic power, which imparts vigor to the organs excited. Pills operating on these principles need not violently drench the bowels. (*If, in spite of these remarks, any one desires a very powerful purge, let the dose be increased, and they can be physicked to their heart's content, and with less danger than from any other known medicine. Our advice, however, is for the moderate action.*)

Another valuable consideration is, that special pains have been taken in the preparation of these pills, to prevent nausea and griping; so that

CONTINUED ON PAGE 10.

when a person takes them, he is not disgusted, or reminded of them, until he is pleasantly invited to the stool; meanwhile the pent-up, muddy urine begins to flow free and clear, and the skin to resume the softness and moisture of health. Another very important characteristic is, that unlike all others, they do not deaden the parts acted upon, and thus induce a torpid and constipated condition afterward.

The **Graefenberg Pills** are entirely vegetable, with the exception of a trifle of iron, to give the blood that florid hue which adds the finishing charm to health; they are also free from any narcotic property. To sum them up briefly, they are cathartic—acting on the whole length of the intestinal canal—antibilious, antidyspeptic, diuretic, diaphoretic, deobstruent, alterative, tonic, and anti-emetic. They excite general action, and contain nothing that can possibly injure the most delicate.

The three great avenues of nature—THE BOWELS, THE KIDNEYS, THE SKIN—being regulated, the Health is restored.

Having been thrown out of employment for two years in consequence of sickness, resulting from Liver Complaint and Indigestion, I take the opportunity of saying that the **Graefenberg Vegetable Pills** and **Health Bitters** were the only things that did any good. They have restored my health so that I am able to work again as usual, and have left my system in a good and healthy condition. I cheerfully recommend them.

Sept. 18, 1870.

S. H. OSTERHOUT, *Preston Hollow, N. Y.*

I cannot afford to be without the **Graefenberg Family Medicines**, as I am well satisfied as to their value. I also wish to save both money and suffering to others, and so I recommend them always.

May 16, 1871.

W. S. DEAN, *Otto, Ind.*

Since I came to this country on a tour of observation, I have been particularly impressed with the remarkable effect of THE GRAEFENBERG VEGETABLE PILL in quickly curing the diseases of the digestive organs. In all cases of Bilious and Liver troubles, and as a general family medicine, I can cordially recommend them to my countrymen and all others. They are very mild, *but absolutely certain*, in their action. I trust they will be in every family, and I wish some to take home with me.

A. H. VON GEISENBERG, M. D., LL. D., F. R. S.,

Late of Berlin University, March, 1868.

ONE PILL A DAY.

In the class of diseases which are mainly attended with confusion of the head and headache; troubles in the stomach and bowels; difficult breathing; trembling; palpitation of the heart; flatulence; nervousness; general uneasiness; debility and wasting away, especially when any of these symptoms are felt after a full meal, one Graefenberg Pill a day, taken every night on going to bed, will infallibly restore health. ☞ Testimony of the highest consideration from every portion of the country, and from all classes of people, abundantly substantiates this fact. The importance of this treatment cannot be over estimated, and it should be tried by all means.

The Graefenberg Vegetable Pill

Cures Headache, Cures Nervousness, Cures Foul Stomach,
Cures Acid Stomach, Cures Bad Breath, Cures Jaundice,
Cures Costiveness, Cures Colic, Cures Dyspepsia,
Cures Fevers, Cures Palpitation of the Heart.

It combines the virtues of other pills without their bad effects.

It opens the bowels gently, and is not drastic nor griping.

It is the best pill in the world.

I will guarantee that all the above beneficial effects will be derived from the Graefenberg Pill.

J. F. BRIDGE, M. D., New York.

ONE OF OUR BEST leading Western Newspapers, the *Davenport* (Iowa) *Democrat*, after speaking in deservedly high terms of the Graefenberg Company, and its theory and practice of medicine, thus refers to Dr. J. F. BRIDGE, the Secretary and Consulting Physician of the Company:

"From his earliest youth a passion for medical study was noticed, and that love of analysis and research, which is usually the fruit of mature years, gave him considerable progress in medical knowledge at an age when education is generally of the most elementary character. Having a passionate love for medical science he began an extended voyage of travel at the age of fourteen years, investigating disease and its treatment at home and abroad, and perfecting his medical education on his return. Becoming convinced that the complicated formulas of scholastic practice were wrong; that simple methods were the best, and the remedies which acted most in conformity with natural laws were the most efficacious, he submitted the Graefenberg theory and practice, then in its infancy, to a searching analysis and a severe trial; carefully comparing their results with those of scholastic prescriptions and popular remedies. Ascertaining their infinite superiority to commonly authorized prescriptions and medicines, he associated himself with the Graefenberg Company, and has devoted the whole of his time and talent to perfecting that wonderful system of cure, which is now the sole reliance of millions of families, and which is constantly gaining ground in public estimation. We hope he will live to see the Graefenberg Family Medicines in every household in the civilized world."

Proceedings of the California Medical State Society.

SAN FRANCISCO, CAL.

DR. J. F. BRIDGE—*Dear Sir*: We enclose you the official report of our State Medical Society, as follows:

REDDINGTON & Co.

"At a meeting of this Medical Society, last year, it was observed that uterine disease of women was far more prevalent and dangerous than any other, and that nearly every woman was troubled with them in some form, as is the case in every one of the United States. At this meeting the gratifying fact was revealed that cases of this nature had decreased more than sixty per cent. In the discussion of the causes producing this happy effect, it was found that a large proportion of the members present had entirely given up the old style of treatment, and resorted solely to the use of Marshall's Uterine Catholicon (a medicine prepared by the GRAEFENBERG COMPANY), which had never been known to fail in giving permanent relief. An official endorsement of the virtues of this remedy was prepared and published, and the emphatic endorsement of this body was given to a remedy which has proved itself so valuable in relieving the affliction of womankind."

"Sir," said an astonished landlady to a traveler who had just sent his cup forward for the seventh time, "you must be very fond of coffee." "Yes, madam, I am," he replied, "or I never should have drank so much water to get a little."

The Graefenberg Green Mountain Ointment is the best external application known. It is MUCH BETTER than any salve prepared with Carbolic acid.

A lazy lad, who did not go to a church until the congregation were coming out, asked: "Is it all done?" "No," was the reply. "It is all said; but I think it will be some time before it is all done."

GINGER SNAPS.—One cup of butter, melted and poured hot into two cups of molasses; 1 cup of sugar, half tablespoon ginger, two teaspoons soda. Flour enough to roll out.

 See the Graefenberg Manual of Health for full remarks concerning the following and all the other Graefenberg Remedies. See page 18 for notice of the Manual of Health. Also see Cover pages. 

The Graefenberg Pile Remedy.

It is a certain cure for Piles and Fistula in their worst forms. It has been used for more than sixty years with the most complete success. It is the discovery of an old army surgeon, who cured all the cases under his treatment in the War of 1812, though the exposures and constant marches of the troops necessarily rendered the disease obstinate; and it was the only remedy which did cure—other regiments suffering greatly without relief.

The Graefenberg Consumptive's Balm.

A certain cure for all diseases of the Lungs, Larynx, and Bronchial Tubes, for Pulmonary Coughs and troubles of all kinds, and for settled consumption.

 An eminent physician of New York states that he has known the GRAEFENBERG CONSUMPTIVE'S BALM used with great success in Dropsy. Our own experience substantiates his statement.

The Graefenberg Fever and Ague Remedy.

This splendid remedy will always and CERTAINLY CURE Ague and Fever (Intermittent Fever.)

The Graefenberg Eye Lotion.

This simple and entirely harmless remedy is a speedy and positive cure for Inflammation of the Eye, Weakness, Dimness, and Failing of the Sight. There are several instances on record where hundreds of dollars have been paid to the most eminent oculists, without avail, and then two bottles of the **Graefenberg Eye Lotion** effected a complete cure.

The Graefenberg Sarsaparilla Compound.

Will cure impurities and all diseases of the blood, humors, complaints in the bones and general system, arising from mercury or syphilis; general debility and skin diseases; all chronic general diseases, and all complaints in the Spring and Autumn arising from changes in the weather.

The Graefenberg Health Bitters.

They combine all the good qualities of a tonic, without any of the injurious effects of an over-stimulant. They give universal satisfaction wherever used. They are an excellent Spring and Fall Medicine, taken in connection with the **VEGETABLE PILLS**, to prevent Spring Fevers and troublesome Coughs, also Autumnal Fevers, Intermittent, &c.

NOTE.—The name **GRAEFENBERG** does not, as many suppose, indicate that these remedies are of foreign manufacture. All the medicines are prepared in this country, and they are essentially **AMERICAN MEDICINES**, though some of the component articles are brought from a great distance at immense cost, and the ripest medical science of Germany as well as of the East and of this country, was consulted in their preparation. They are **PURELY VEGETABLE** and are prepared by the most experienced physicians.

Why is a baby like a sheaf of wheat? Because it is first cradled, and then thrashed, and finally becomes the flower of the family.

The Graefenberg Vegetable Pills will cure Fevers, Indigestion, Costiveness, Deranged Appetite, Headache, and all Diseases arising from Deranged Digestion. Their occasional use will prevent Fevers, and ward off all epidemics.

A candidate for the position of school teacher recently replied to a question by one of the examiners, "Do you think the world is round or flat?" by saying, "Well, some people think one way, and some another; and I'll teach round or flat, just as the parents wish."

Can a lover be called a suitor when he don't suit her?

A man who passed around a plate for contributions for the heathen and then pocketed the money, has been acquitted of stealing by a jury on the ground that he was the greatest heathen they knew, and therefore justly entitled to the money.

"Why do you call me a bird?" inquired a wife of her husband. "Because," was the answer, "you are always associated in my mind with a bill."

The Graefenberg Marshall's Uterine Catholicon has been recommended by physicians throughout the country in all cases of female weakness and uterine diseases which they were unable to cure with the regular remedies. Up to this time not a single failure to cure has been reported.

The writer of an obituary notice of an estimable lady said that the bereaved husband was "hardly able to bear the demise of his wife." Imagine his disgust on reading in print that the bereaved husband was "*hardly able to wear the chemise of his wife.*"

WE WERE exceedingly touched a short time since, by learning that a prominent physician in a western town had been received into the county poor-house, because the **Graefenberg Family Medicines** were the sole reliance of the people; so that the doctor had not a single patient in five years, and found himself starving to death. We are glad to know that Dr. Bridge, the eminent physician of the Graefenberg Company, has sent him a sum which will soothe his declining years.—*Western Paper.*

He is never lonely who has noble thoughts.

DISEASES OF CHILDREN.

ALL the ailments incident to childhood, including restlessness, colic, wakefulness and derangements of the stomach and bowels, are under the influence of the **Graefenberg Children's Panacea** in a most remarkable degree. It is composed of vegetables alone, *not one particle of mineral enters into it.* It may be used with perfect safety by children of a few hours old. *It is especially valuable while teething.*

 MOST OF THE REMEDIES SOLD FOR CHILDREN'S DISEASES CONTAIN DANGEROUS QUANTITIES OF OPIUM. THEY ARE SWEETENED AND MADE PALATABLE, AND WILL SOOTHE THE CHILD AND RELIEVE PAIN, but they will weaken the constitution and destroy life.

The Graefenberg Children's Panacea will cure the disease and strengthen the constitution. Let no mother be deceived, or tempted to use any other medicine. We cannot speak too strongly on this subject.

The following, from an old lady in Salem, Mass., and known to thousands of poor and afflicted as "Widow Winslow," is proof positive.

To DR. BRIDGE, of the Graefenberg Company.

You remember that when my husband was alive, and a shipmaster commanding schooner *Reliance*, he used a great many of the **Graefenberg Vegetable Pills** for himself and his friends, and that he thought there was nothing like them for all troubles of indigestion. Since his death, having abundant means, I have spent a great deal of time among the sick poor, hoping to render my life valuable. I have seen all kinds of family medicines and soothing syrups and balms used, but I never saw anything to equal the **Graefenberg Children's Panacea** for little ones, or **Marshall's Uterine Catholicon** for women. *For women and Children, these two medicines are worth all others in the world.* Since I have discovered the great value of the Graefenberg Children's Panacea, *I have stopped using my own syrups, which bear my name.*

March 3, 1868.

SARAH E. WINSLOW, Salem, Mass.

The following testimonial is from an old Nurse, known to thousands of the citizens of Boston, Mass., and its vicinity, as "Aunt Nancy."

DR. BRIDGE, Secretary Graefenberg Company: *Dear Sir*—You know that for the last 15 years I have used **The Graefenberg Children's Panacea** for the children constantly under my charge. I never saw anything like it. It cures, and that quickly, all the ailments the little things are liable to, *and it strengthens them and makes them very healthy.* Sometimes when I go to a family, I find them using Syrups and Cordials recommended as wonderfully soothing. I never saw one of them that did not endanger the child's health, even though it produced the desired temporary effect for the time. I cannot but hope that **The Graefenberg Children's Panacea** will be used by everybody, as it always is where my judgment is taken. I have tried everything else, and I am satisfied that there is nothing that begins to be equal to it.

You remember a good many years ago, I told you I thought it was a German medicine, and had hesitated about using it. A friend who is an old nurse, too, coaxed me to try it. It saved two of my own children, and since then I have never been without it, either in my own family or to us for children where I am nursing. If the world ONLY knew how good the Panacea is, I should be so glad.

March, 1866.

NANCY FISHER, Boston, Mass.

THE GRAEFENBERG MANUAL OF HEALTH.

In many portions of this Almanac reference is made to *The Graefenberg Manual of Health*. It contains about 300 pages (handsomely printed on fine paper), written in language plainly understood by every person.

It contains a full account of the symptoms, causes and treatment of all diseases incident to this country and climate.

It is elegantly illustrated with engravings of the human system, and no work on medical subjects ever written has received so many and such complimentary notices from the press, from physicians, and from the public generally. We hazard nothing in saying that, with it in the house, disease is robbed of all terror; the head of the family is enabled to treat nearly every disease successfully; and the physician's bill is entirely done away with, except in severe surgical cases and violent accidents.

Price only 25 cents, which may be sent in money or Postage Stamps, and the Manual will be forwarded by mail and the postage prepaid.

Address all orders for Graefenberg Medicines or Manual to

JOSHUA F. BRIDGE, M. D.,

Secretary Graefenberg Company,

P. O. Box 1218.

No. 139 William St., N. Y.

I DESIRE to certify that I have known the proprietors of the Graefenberg Company and the Consulting Physician since the first organization of the Company in 1846. I know them to be gentlemen of the highest character and professional skill. I have used the Graefenberg Medicines myself, and have watched their effect upon others during the whole time since then, and their action has always been beneficial. While they are all good, I would say that the PILLS, GREEN MOUNTAIN OINTMENT, DYSENTERY SYRUP, and MARSHALL'S UTERINE CATHOLICON, have been most particularly noticed by me, and they are really wonderful in their efficiency and safety. The Graefenberg Manual of Health is a plain and correct guide for the prevention and cure of disease. I cordially and earnestly recommend all of the Graefenberg Family Medicines as eminently deserving public confidence and esteem. I have been a physician and apothecary for more than thirty years, and having witnessed the effect of all the popular medicines of the day I can speak from knowledge.

June 22, 1868.

RUFUS F. HIBBARD, M. D., *New York City.*

The Graefenberg Company's Marshall's Uterine Catholicon is efficacious in cases of irregular menstruation, when there is too long or too short a time between the periods, and when there is too much flow, as well as too little, or entire suppression; *because, the medicine operates by restoring the system to a natural and healthy condition.* The derangement of the uterine organs is the disease. The irregularity and the excessive or decreased discharge is the *symptom* of the disease. Hence, a medicine which restores the organs to a natural tone, cures the disease and relieves the symptoms in either case.

The Graefenberg Vegetable Pills possess almost magical power in curing all diseases of digestion. Unquestionable evidence has shown them to be unequalled in their effect; and they are so *BECAUSE they cleanse and strengthen the stomach and digestive organs, open the pores, cause the urine to flow healthful and clear, regulate the bowels, restore strength and vigor to the body, clear the most sallow complexion, give a keen appetite and infallibly restore health.*

Give the Graefenberg Medicines one trial, and you will never use any others. Do not fail to try them once.

SAGO PUDDING.—Put a small tea-cup of sago in a quart of cold milk; add half a tea-spoon of salt and pour into a saucepan; place a large pan of boiling water on the stove and set the saucepan in it; let it remain until the sago is thick, then remove it from the saucepan to the pudding dish, and while hot, add half a teacup of butter; when cool, add a teacup of white sugar, half a gill of rosewater, and half a glass of wine, or the juice and grated peel of a lemon; bake until it is a nice brown.

“MY SON,” said a man, thinking to enlighten the boy on the propagation of the hen species, “my son, do you know that chickens come out of eggs?” “Do they?” said the boy, “I thought eggs came out of chickens.” Thus ended the first lesson.

LEMON PUDDING.—Peel of three lemons grated, and juice of two, one pound of sifted white sugar, half a pound of melted butter, a pint of cream or milk, eight eggs, a gill of rose water, and bake until it is done.

DORGHNUTS.—One cup of sour milk, one cup of sugar, one teaspoon of salt, one small teaspoon of soda or saleratus, two eggs, and a piece of butter the size of an egg. Fry in plenty of fat, as they will soak less the more they are fried in.

CURRENT JELLY.—Three pounds of juice of red currants, one pound of juice of white currants, boil quickly for fifteen minutes; then take from the fire and stir in two pounds of granulated sugar stirring till dissolved; place again on the fire, and boil hard for eight minutes.

After it is put in the glasses, set it for two or three days in a hot sun. Make grape or gooseberry jelly the same way.

PICCALILLI.—Of cut cucumbers, beans, and cabbage, each four quarts; of cut peppers and onions two quarts each; celery and nasturtions four quarts each. Pour on boiling vinegar, flavored strongly with mustard, mustard seed and ground cloves.

EXCELLENT YEAST.—Two tablespoonfuls of hops to a quart of water; let them steep well; make a thickening of six potatoes mashed fine, and three tablespoonfuls of flour worked into the potatoes; strain the hop water upon it, stir it well, and when cool enough add yeast to work it. Bottle and keep in a cool place.

TO PICKLE CUCUMBERS (*The best receipt known*).—Wash them. Make a brine strong enough to bear up a potato. Let the pickles stand in it three days. Pour off the brine and boil it, and pour it back over the pickles boiling hot, and let them stand a day and a night. Take them out and wipe them dry and lay them in a jar. Spice vinegar to suit and pour it over them boiling hot. In a week or two they will be ready for use.

The Graefenberg Family Medicines have been used in the "Home" for five years, and I am sure there are none better.
 M. J. DAVIS,
 Supt. of Fitch's Home for the Orphans of Soldiers, Darien, Ct., Dec. 30, 1870.

COCOANUT PUDDING.—Break the cocoanut and save the milk; peel off the brown skin, and grate the cocoanut very fine. Take the same weight of cocoanut, fine white sugar, and butter; rub the butter and sugar to a cream and add five eggs well beaten, one cup of cream, the milk of the cocoanut, and a little grated lemon. Line a dish with rich paste, put in the pudding and bake it one hour. Cover the rim with paper, if necessary.

SPONGE CAKE.—Beat six eggs together thoroughly; when well beaten, stir in two cups of granulated sugar, two cups of flour, and half a teaspoonful of soda dissolved in a tablespoonful of milk; beat all well together, then add the grated peel and juice of a good-sized lemon or two small ones. Bake immediately with a quick oven.

PLUM CAKE.—Two heaping pint bowls of flour, one pint bowl of milk, two cups and a half of sugar, one cup of molasses, one cup of butter, four eggs, one teaspoonful of soda dissolved in milk, one teaspoon each of cinnamon, clove, and allspice, one pound of raisins chopped. Bake three hours slowly.

THE GRAEFENBERG DYSENTERY SYRUP.

An unfailing Remedy in Diarrhœa and Dysentery, Cholera Morbus and Asiatic Cholera, Looseness, Griping, and Cholera Infantum, and all Complaints of the Bowels.

It never fails to cure the worst possible curable cases of Bowel Complaints, generally in a few hours, seldom beyond a day. It is *purely vegetable*, and is perfectly safe. It has cured hundreds of cases given up by the doctors. The earlier these diseases are attended to, the easier they are cured. It should, therefore, be in every family.

The absolute value of **The Graefenberg Dysentery Syrup** has been certified to by thousands.

 **It is certain in CHOLERA. Fail not to try it.**

My position as Chairman of the Board of Health brought me constantly in contact with persons suffering with Diarrhœa, Dysentery, and Cholera. So strongly was I impressed with the value of **The Graefenberg Dysentery Syrup** in all cases of bowel complaints, that I have caused it to be sent to Quarantine, where the cholera then existed, and it is not a little singular that but a single case was reported afterward. Facts coming under the observation of my associates in the Board, tend to strengthen the belief that this remedy is invaluable in all cases of disease of the bowels.

T. R. HIBBARD, M. D.,

Chairman Board of Health, New York, 1849.

The Graefenberg Green Mountain Ointment.

Among the diseases to which this wonderful Ointment is adapted, are the following: Glandular Swellings, Ague in the Face, Swelled Breast and Sore Nipples of Nursing Women, Bronchitis, Felons and Ringworms, Scald Head; and it is an invaluable dressing for Burns, Scalds, Drawn Blisters, Shingles, Chilblains, Ulcers, Fever Sores, Salt Rheum, Bruises, Wounds, Chapped Skin, Erysipelas, Excoriations and Chafings, Stings of Insects, and Bites of Mosquitoes, &c., &c. In all Inflammatory Complaints it acts immediately and successfully, affording instant relief.

 *The OINTMENT is guaranteed as the best application in the World for the above. It acts more quickly and certainly than any other ever offered to the public.*

AFTER many years' experience in the use of the GRAEFENBERG FAMILY MEDICINES, I can pronounce them unequalled for all the difficulties they profess to cure. **The Graefenberg Green Mountain Ointment** is a most remarkable salve. I have known it to cure Felons, to heal old sores, to remove pains from boils and rapidly cure them, and to relieve inflammations in a wonderfully short period.

WILLIAM B. SMITH, *Counseller at Law, 25 Nassau St., N. Y.*

The Graefenberg Green Mountain Ointment has proved far superior to any containing *Carbolic Acid*, or to any salve, no matter by what name it is called. I cannot too strongly urge all persons to use the GRAEFENBERG OINTMENT in preference to any other.

J. F. BRIDGE, M. D., *N. Y., June, 1870.*

READ AND PONDER.

We cannot too strongly impress upon the minds of our friends, that the **GRAEFENBERG VEGETABLE PILLS OPERATE WITH GREAT MILDNESS.** Their inestimable value consists in the fact that they carry away disease without taxing the system, by powerfully draining it. For a long time all medical prescriptions acted violently. The Graefenberg theory first developed the truth that the milder the medicine the greater its value, so long as it eliminated disease. Most popular medicines of the day still purge violently, gripe severely and leave the system in a debilitated and unnatural condition. The Graefenberg medicines operate gently, naturally and pleasantly, leaving health and freshness behind; so it is not surprising that they excel all other healing preparations in the estimation of thinking and intelligent people.

In all chronic diseases one cannot look day by day for improvement, any more than corn can be seen growing. After a short time the corn is observed to be ripe, and so with the disease. Improvement is certain, but imperceptible from minute to minute. The **GRAEFENBERG MEDICINES** are not miraculous. They are simply the best remedies in the world, acting, like all natural processes, beneficently, slowly and surely.

My position as a clergyman, and at the head of a large literary, educational institution, has given me opportunities to extend the use of The Graefenberg Pills and Medicines, and I wish to say that I have used no medicines in which I have so large confidence as I have in those of the Graefenberg Company. *You are at liberty to refer to me by publishing these facts.*

Rev. GEO. S. CHADBOURNE,

Lowell, Mass., June, 1871, (formerly of Poultney, Vermont.)

CERTIFICATE FROM THE GOVERNOR OF VIRGINIA.

I, William Smith, Governor of Virginia, certify and make known that Joseph Prentice—who signs a certificate relating to the Graefenberg Vegetable Pills—is the Clerk of the Court of this State. The said certificate embraces the names of the most reliable and responsible people in this community, and certifies to the invariable curative action of The Graefenberg Vegetable Pills.

And I further testify that full credit and faith are due and ought to be given to said certificates.

In testimony whereof, I have subscribed my name, and caused the Great Seal of the State to be affixed hereunto.

WILLIAM SMITH, Governor.

By the Governor, Wm. H. RICHARDSON, Sec. Com. and Keeper of the Seal.

Every word in this almanac should be carefully read. The great superiority of the Graefenberg Medicines over all others will be apparent on trial. The certificates are selected from a large quantity and may be implicitly relied upon.

THE GRAEFENBERG VEGETABLE PILL

Cures Headache, Cures Nervousness, Cures Foul Stomach,
Cures Acid Stomach, Cures Bad Breath, Cures Jaundice,
Cures Costiveness, Cures Colic, Cures Dyspepsia,
Cures Fevers, Cures Palpitation of the Heart.

GRAEFENBERG COMPANY'S MARSHALL'S UTERINE CATHOLICON.

☞ The above CATHOLICON was first offered to the world by THE GRAEFENBERG COMPANY, and called "Marshall's" in connection with the name of Dr. Theo. Pomeroy, of Utica (now deceased), as its original discoverer. The Proprietors of the GRAEFENBERG COMPANY have from him and his estate the sole right to use it.

☞ Beware of articles with a similar or spurious name. Any Catholicon without the seal of the Graefenberg Company, and the signature of JOSHUA F. BRIDGE, M. D., is unreliable. ☞

☞ The genuine Marshall's Uterine Catholicon has been put out by THE GRAEFENBERG COMPANY with three wrappers—as "Marshall's," as "Graefenberg Company's Marshall's," and as "The Graefenberg Company's" Uterine Catholicon. Since March 1, 1864, it has been called The Graefenberg Company's Marshall's, and, to avoid imitations, be sure to see that the seal of THE GRAEFENBERG COMPANY is on the wrapper, and the signature of JOSHUA F. BRIDGE, M. D., on each bottle.

☞ PRICE \$1.50 PER BOTTLE. ☞

Five Bottles for Six Dollars. It can be sent by Express. ☞ The Express charges to be paid by the purchaser.

GRAEFENBERG MEDICINES BY MAIL.

All money sent by mail for Graefenberg Medicines must be in a registered letter, or by a Postal Order.

Four Boxes of The Graefenberg Vegetable Pills will be sent by mail, and postage prepaid to any part of the United States, on the receipt of One Dollar.

The Graefenberg Vegetable Pills and Fever and Ague Remedy will be sent by mail, and postage prepaid, on the receipt of any amount at retail price, in sums of One Dollar and upwards.

The Graefenberg Health Bitters and Green Mountain Ointment can be sent by mail, but in consequence of their greater weight, the postage will be deducted from the remittance.

None of the other Graefenberg Medicines, being in bottles, can be sent by mail.

ADDRESS

JOSHUA F. BRIDGE, M. D.,

Resident Physician Graefenberg Company,

P. O. Box 1218.

No. 139 William St., N. Y.

AFFIDAVIT.

MAYOR'S OFFICE, CITY OF NEW YORK, April 16, 1859.

JOSHUA F. BRIDGE, of New York, being duly sworn, deposes and says that he is the attending and consulting physician to the Graefenberg Company [139 William St., New York]; that he has had general supervision of the preparation of the Graefenberg Family Medicines for ten years, and that he has known their effect to have been uniformly good; that he has known the advertisements issued by the Company, and the certificates published, and he makes oath to their correctness and genuine character, and that any person desiring proof shall be referred to the parties directly, or be otherwise convinced of their entire accuracy. All persons interested may rely upon the statements of the Graefenberg Company with implicit confidence.

Sworn to before me, this 16th }
day of April, 1859.

DANIEL F. TIEMAN,
Mayor of the City of New York.

The Graefenberg Family Medicines

Are sold Wholesale and Retail by

THE GRAEFENBERG COMPANY,

139 William Street, near Fulton, NEW YORK,

And by dealers in the United States, Canada, West Indies, and South America.

Address all orders to

J. F. BRIDGE, M. D.,

Resident Physician Graefenberg Co.,

P. O. Box 1218.

139 William Street, N. Y.

Orders from the Trade are solicited, and a liberal discount will be made.

Tunnel City, Monroe Co., Wis., April 24, 1871

To the GRAEFENBERG COMPANY:

Four years ago our daughter Sarah took a violent cold resulting in inflammation and spasms, which baffled the skill of the best physicians, and was finally given up by them to die. She lingered along, trying every remedy we could get, until our means were nearly exhausted, but all to no purpose, until we were persuaded to try the Graefenberg Company's Marshall's Uterine Catholicon. When she commenced taking it she was unable to help herself, and had to be helped from the bed to her chair, and moved about the room in a chair. Before she had taken all of the first bottle we saw a change for the better. Previous to that time she had no appetite, and food distressed her. Now, after taking the CATHOLICON two months, she has a good appetite, and is able to walk out and call upon her friends and to work.

GEORGE MURRAY,

ELIZA S. MURRAY.

I hereby certify, That I am personally acquainted with the above-named Mr. and Mrs. Murray and their family, and from personal observation, can vouch for the accuracy of their statement in regard to the wonderful improvement in Sarah's health within the past two months. They are industrious respectable people, dependent on their labor for their support, and have had to deprive themselves of the comforts of life for the last four years in order to obtain medical aid for their daughter, but all failed until they used the CATHOLICON.

WM. B. PARSONS, *Justice of the Peace, Monroe Co., Wis.*
